

# KITZ VALVE & ACTUATION (THAILAND) CO., LTD.

## Corporate Social Responsibility in 2020.

Since KITZ founding in 1951, KITZ has supported infrastructure indispensable for our lives and industries through its fluid control-related business activities encompassing long year involvement in environment-friendly materials development such as lead-free materials, cadmium-free materials, products development for clean energy fields, disinfecting& purification equipment and environmental conservation activities to fulfill its corporate social responsibility (CSR).

KITZ highlighted the further enhancement of ESG (Environment, Social and Governance ) initiatives as a key theme for our sustainable management and SDGs (Sustainable Development Goals) are closely aligned accelerating it.

In March 2020, the KITZ Group announced its Sustainability Commitment and Sustainability Slogan, which serve as important guidelines for promoting its sustainable management.

### ■KITZ Group Sustainability Commitment

Create a Society That Lives Together in Harmony with the Earth through Our Fluid Control Business.

### ■KITZ Group Sustainability Slogan

Create the Future / Preserve the Future

The Sustainability Commitment is a promise to all stakeholders as the KITZ Group aims to continuously be sustainable and raise social value.

The Sustainability Slogan is a guidepost for all KITZ Group employees to realize the Commitment.

### << KITZ VALVE & ACTUATION (THAILAND) CO., LTD.'s CSR activity in 2020 >>

On 22<sup>nd</sup> August 2020, KITZ VALVE & ACTUATION (THAILAND) CO.,LTD. (KVT) was successfully held a very first CSR event at Sattahip, Chonburi. Our CSR activity was based on SDGs in Goal 14: “Life below Water” (\*NOTE1.) and it help employees to realize the environmental morale and our sustainability commitment and slogan.

For KVT's first CSR event, we had chosen the following 2 activities.

1. Planting Coral :

As the rising temperature of seawaters is causing bleaching and threaten coral with extinction, our Coral Planting CSR activity intends to create awareness on conserving coral reefs, biodiversity of the sea.

2. Release Nurse Shark :

Since, the number of sharks in nature has decreased continuously by the changing of marine environment, including with human threats. This activity will release nurse shark back to the ocean and promote natural breeding as well as multiplication of sharks in the ecosystem in the ocean forever.

\*NOTE1. : SDGs 14, Conserve and Sustainably use the ocean, seas and marine resources for sustainable development.

We wish to create a sustainable society where all people on earth can live their lives with peace of mind. To create the ideal society, we believe companies must achieve sustainable growth while working to solve social issues and protect the global environment through business activities. Working toward realizing a sustainable society, the KVT Group takes a sincere approach toward the earth and its inhabitants and will raise both its corporate and social value.
